

## **The Q&A...**

with Tony Petrunin @ Unbridled Capital

**Q:** Where were you born & raised?

**A:** I was born in Minsk, Belarus (USSR at the time), I was raised primarily in Edmonton, Canada and Dallas, Texas.

**Q:** Tell us about your education.

**A:** I attended the University of North Texas majoring in Finance and International Business. I went on to attend Thunderbird School of Global Management (ASU) by way of a General Motors scholarship and earned my Master of Science in Global Management.

**Q:** What is your position &/or responsibilities at Unbridled Capital?

**A:** I am a Vice President at Unbridled Capital where I leverage my experience in Financial and Capital Planning, Corporate Development and Franchise Business Development roles within YUM! Brands to deliver value-added services to clients. I focus on fostering and developing Unbridled's M&A platform to serve new and existing partners across a variety of growth-oriented brands. In addition to managing and sourcing M&A engagements, I provide clients with financial and business analyses, valuations and capital strategy planning services.

**Q:** What do you enjoy doing when not working?

**A:** Traveling, spending time with my young family, golfing, and enjoying lakelife in the summer

**Q:** Tell us about your family.

**A:** I have two beautiful daughters (ages 1 & 3) and an amazing wife that has put up with me for over 10 years!

**Q:** Share with us one interesting fact that most people don't know about you.

**A:** Most people are shocked to find that I speak Russian as my complexion and name would suggest that I was Italian or some other nationality.

**Q:** What excites you about the business and our clients at Unbridled Capital?

**A:** I am most excited to guide our clients through what is arguably one of the biggest intersections of their personal and professional lives. Furthermore, I find it to be an absolute honor and privilege to have that level of trust and responsibility with our clients. They know we have their backs and will work tirelessly to derive positive outcomes for them.

**Q:** What/who inspires you?

**A:** My parents immigrated to the United States and are by far my biggest inspiration. They took a young family, revoked their degrees, reeducated themselves, learned new languages and customs, and still found success. Their grit and determination have always fueled me.

**Q:** What are you currently reading or podcasting?

**A:** Outside of a book for our men's bible study, I am reading Patrick Lencioni's "The Five Dysfunctions of a Team" - hoping to finish it on the next vacation this summer!
